

**Demand assessment report  
for incremental capacity  
between Transmission System YAMAL VTP  
GAZ-SYSTEM and GASPOOL  
*where no non-binding demand indications  
were received***

**2017-07-27**

This report is a joint assessment of the potential for incremental capacity projects conducted by

**GAZ-SYSTEM S.A.**

Mszczonowska 4 St.

02-337 Warsaw

Poland

**GASCADE Gastransport GmbH**

Kölnische Str. 108 – 112

Germany

## Table of contents

A.	Non-binding Demand indications	4
B.	Demand assessment	5
i.	Expected amount, direction and duration of demand for incremental capacity	5
C.	Conclusion for the (non)-initiation of an incremental capacity project/process	6
D.	Fees	7
E.	Contact information	8

## **A. Non-binding Demand indications**

The involved GAZ-SYSTEM and GASCADE have not received any non-binding demand indications for firm capacity at the interconnection points between the entry-exit system of GAZ-SYSTEM and the entry-exit system of GASCADE for any future period.

The following periods have been included in this analysis:

- a) non-binding demand indications received within 8 weeks after the 6 April 2017 – entry into force of REGULATION EC 459/2017.

**Therefore, the amount of 0 for non-binding demand indications has been used as a basis for this demand assessment.**

## **B. Demand assessment**

### **i. Expected amount, direction and duration of demand for incremental capacity**

The received demand indications within the current incremental process between the entry-exit system of GAZ-SYSTEM and the entry-exit system of GASCADE are zero. Since the potentially available capacity (i.e. technical capacity which is not yet booked in the long term) for the requested period are currently sufficient to cover potential future need for capacity.

### **C. Conclusion for the (non)-initiation of an incremental capacity project/process**

According to the assessment result of the non-binding demand indications which already indicated that no demand levels for incremental capacity need to be developed, no incremental capacity project will be initiated.

Based on the aforementioned decision, no technical studies for incremental capacity projects will be conducted.

## **D. Fees**

### **GAZ-SYSTEM**

GAZ-SYSTEM did not introduce a fee for the evaluation and processing of non-binding demand indications.

### **GASCADE**

GASCADE did not introduce a fee for the evaluation and processing of non-binding demand indications.
